OCTOBER MINING DEVELOPMENT ISSUE

Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 14, No. 72. The County Seat Paper NEVADA CITY, CALIFORNIA, The Gold Center THURSDAY, OCTOBER 17, 1940.

From the Californian, March 15, 1848:
The Liberty of the Press consists in the right to publish the Truth, with good motives and for justifiable ends. —Alexander Hamilton.

Thinking Out Loud

By H. M. L.

We emerge from one emergency into another, or so it seems. The crash of 1929, we grant, created an emergency. That emergency under the New Deal became chronic. Much of our legislation has been based upon this emergency. In times past panic was permitted to run its course. There was suffering. Fortunes were lost. But the sturdy American people picked themselves and surged forward—without, mark you, the help of a paternal government. How naive our politicians of the post Civil War days, of the early 90s, of 1907; yes, and of 1920. There was a crown and sceptre waiting a political Messiah, and no one had the wit to perceive them. But not now. We now have the indispensable man, the Messiah, who places a large proportion of his people in a position of permanently needing succor.

Then on top of all other emergencies comes this one. We must arm against a world that has gradually—not suddenly — come to regard us as an enemy. That distrust of us began back in 1919, when the American Senate, Republican in majority, refused to ratify President Wilson's League of Nations treaty. That would have been our great contribution toward world peace at the time, or perhaps we should say that that was President Wilson's contribution. For the American people refused to follow him. Our people still regarded themselves as apart from the world. We declared in effect that we had no community of interest with other nations worth the sacrifice entailed by doing our responsible part in the League of Nations. Without us the League failed, and here we are in 1940, under a ruler who possesses almost dictatorial powers, preparing hurriedly and at tremendous cost to defend ourselves against nations that might have been our friends working with us for peace and justice on earth.

As this is written some 16 million young men are registering throughout the country for military training in peace time. Unprecedented in the history of the United States, this step is still "short of war." However no thoughtful person can view conditions today without forboding. How far "short of war" are we?

We look back through history and note that when leaders fail to bring unity, and a modicum of prosperity to their people, almost invariably they have had recourse to war with other nations. By this means unity is assured because, of course, anyone who falters, expresses a doubt, or has the courage and bad judgment to criticise his government in war time, lacks in patriotism, and that is treason, or close to it. And so unity is forced as it must be when any nation goes to war.

In this country we have had enacted a huge mass of reform legislation without time to cure its defects and wasteful beyond the power of the mind to conceive, since it runs into billions of dollars. We have had a constant army of nine or more million unemployed, and the national deficit has mounted to a staggering sum. Industry and labor have been incited to battle. Labor has fought labor and is still fighting. Class has been incited to hate class, in a nation that never before was aware of class. Granting that Mr. Roosevelt's intentions and that of his rubber stamp Congress were good, we still submit that hell is paved with good intentions. History will mark his regime as a failure, as a floundering among old and new concepts of government, if it is not, indeed, recorded as the major catastrophe leading to the destruction of the world's greatest and most successful democracy.

Having piled up an enormous debt that threatens the nation with bankhuptcy, having failed to reduce the army of unemployed, have created discord in every department of life, social, economic and political, the desperate way out is war. War brings a feverish activity. War creates jobs, wipes

Important Matters To Be Heard

Meeting Will Be Held Monday Night To Consider 9 o'clock Closing

The advisability of remaining open until 9 p. m. on Saturdays and payday nights and other important matters will be discussed and decided upon at a meeting of merchants and civic leaders in the National Hotel here Monday night. Dinner will be served at 7 o'clock with the meeting following in the hotel's upper lobby.

Among the proposals to be considered at the meeting will be merchant bargain days in an effort to stimulate trade in Nevada City. Various other matters designed to improve business in this city are to be taken up, Secretary H. F. Sofge of the chamber of commerce, which is sponsoring the meeting, states.

The groundwork for Monday's meeting was established last Monday night when 20 local business men gathered in the National Hotel at the request of Sofge and President Bert Foreman of the chamber of commerce to discuss what could be done to attract trade into Nevada City.

The session developed into a "kick" meeting and the many ideas proposals and "kicks" are to be presented at the Monday meeting, when a larger representation of the city's business and civic life is expected.

Sofge has invited members of the Women's Civic Club and Business and Professional Women's Club to attend the gathering.

It was pointed out at Monday's meeting people have the mistaken idea they can buy elsewhere cheaper. Speakers urged a campaign to prove to the residents of the city they can secure practically any article they desire from their home merchants at a price the same, if not cheaper, than offered in out of town communities. Several merchants admitted at the meeting their selections are limited but argued that if they eceived more trade they could naturally increase their stock. It was stated articles desired by customers, if not in stock, can be procured within three days time.

Those attending the meeting on Monday night included:

H. S. Foreman, H. F. Sofge, Carroll Coughlan, John Hubbard, Guerdon Ellis, Richard Worth, R. J. Berggren, Archie Fairholb, Frank Duffy, Walter Cherry, Robert Tamblyn, Harrison Randall, E. L. Kyle, Fred C. Garrison and J. N. Hathaway.

HIRAM JOHNSON ON RADIO AT 7 P.M. TOMORROW NIGHT

Hiram Johnson will speak tomorrow (Friday) at 7 o'clock in the evening over the Columbia and Mutual radio netwarks. It is expected that he will endorse Wendell Willkie's candidacy for the presidency.

GAME WARDEN NABS EIGHT WITHIN WEEK

David Jeffrey, 21, of Marysville was the eighth person within a week arrested by Game Warden Earl Hiscox on game law violations.

Jeffrey pleaded guilty before Justice of the Peace Charles Morehouse, acting for Justice Gildersleeve, who is ill, to killing a male fawn and with hunting without a license and hunting without tags. He was given a sentence of 50 days in the county jail here.

Jeffrey was taken into custody in the Bloody Run district.

Discharged Lava Cap Mine Employee Files Suit Against Company

Charging he was falsely accused of highgrading and discharged for that reason, Lewis E. Ward today filed a suit in the superior cout here against the Lava Cap Gold Mining Corporation, John Chandler, mine superintendent and Peter Zadra, specimen boss, asking $10,000 damages.

The suit maintains that on February 20th of this year, Chandler, in the Lava Cap Mine office and in the presence of William J. Brady, Charles Gibson, Frank Sefers, Telford Olts, John Franz, Jake Seigfried, Tom Lehi and Earl Belding, stated that Defendant Zadra had reported to him (Chandler) the plaintiff had made a propositon to Zadra where by he was to get some highgrade. Chandler is quoted in the suit as saying:

"This is the second time you have been suspicioned of highgrading and you are discharged."

The suit charges the statements were false and have injured the plaintiff's good name and reputation.

METHODISTS TO CELEBRATE NEW HALL OPENING

Tuesday evening the Methodist church celebrates. The occasion is the opening of the new remodeled social hall which the public is then cordially invited to inspect. All Nevada City folks are asked to sit down to the big turkey dinner that features the evening festivities. And, the pastor the Rev. David Ralston, says that the tickets are going like hot cakes and if anyone who has sampled the cooking of the Methodist women, and knows how good it is, really wants to attend this dinner, they should lose no time securing their tickets, for admission is by ticket only.

By the way, for the program that follows the dinner, two pianos are needed, and the Rev. Ralston wants to know if there is not someone in the city who will donate the use of one piano for the evening.

Clyde Foster, in charge of operations at the Sleeping Beauty Mine near Moores Flat, was in Nevada City yesterday on business.

2700 Sign For Draft In County

Registration Exceeds Number Expected For Nevada County Area

Nevada County's registration for the draft yesterday exceeded expectations. County Clerk R. N. McCormack's figures show a total of 2700 registered in the 35 of the county's 42 precincts from which returns have been received.

In the Nevada City area 679 between the ages of 21 and 35 registered. Registration for the most part was quiet, although the precincts located in the heart of Nevada City and Grass Valley were swamped during most of the day.

Local Registration

The registration in the Nevada City district precincts were as follows:

No. 1, 78; No. 2, 75; No. 3, 74; No. 4, 45; No. 5, 167; Gold Flat No. 1, 43; Gold Flat, No. 2, 94; Selby Flat, 52; and Willow Valley, 51.

You Bet had the lightest registration, only two registering in the 14 hours the polls were open.

Both aliens and citizens alike registered. In Nevada City many salesmen from Sacramento and San Francisco registered. Their cards will be sent to their local draft board.

Courthouse Headquarters

Every registrant in Nevada County must deal from now on with the draft board of this county. Permanent headquarters of the board are located in the courthouse general meeting room on the third floor.

The Selective Service board met this afternoon at 2:30 o'clock in the room assigned to them in the Court House and took the first steps in relation to the card file of registrants required under the law. The law prescribes that the cards of registrants not resident in this county shall be mailed to the Selective Service boards of their place of permanent residence. In cases in which this cannot be determined the cards are to be mailed direct to the governor.

After the cards of non-residents

(Continued on Page Two)

Robert Hendricks Adds "Flying Mining Engineer" To Accomplishment List

R. J. Hendricks, general manager of the Murchie, Zeibright and Pennsylvania Mines, will now travel by air when the Newmont Mining Corporation wants him to inspect a mine in any part of the United States or Canada.

Hendricks has done a lot of traveling in the interests of the Newmont Corporation. Much of it was over rough mountain roads and required days to reach his destination.

So during the summer Hendricks took flying lessons from Darrell DeNeal at the Nevada City airport. He learned rapidly and became a good pilot.

After completing three weeks of work for the Newmont in Colorado Hendricks continued on to Tennessee and this week purchased an 85 horsepower red cabin plane. He piloted the plane to Nevada City, arriving at the local airport Tuesday. He circled over the Murchie Mine upon his arrival and the mine crew gave him three cheers with the mine whistle.

Hendricks has his own hangar at the city airport. Now when he gets a call to a distant mining property he will be there within a few hours.

DEBRIS DAM MAY BE FINISHED BEFORE FEB. 1

Various problems concerning the hydraulic mining industry were discussed at a meeting of the California Hydraulic Mining Association in Grass Valley Saturday.

The members heard a report the Upper Narrows Dam at Smartville may be completed before February 1st. J. A. Bergin operator of the Red Top Hydraulic Mine in Siskiyou County, and J. A. Gelvian of Weaverville, representing the 80 members of the hydraulic association in that area, attended the meeting.

ROAD BEING REPAIRED

The road between French Corral and the Downieville highway is being repaired under the supervision of Supervisor Warren Odell. A coat of oil will be placed on the road.

Mining On Increase In Nev. County

Employment Gains For Month Despite Curtailment of Surface Crews

Despite reductions in surface crews at the larger mines, employment in the Nevada County gold mining industry gained during the past month.

The total employment this month is 2,588, as compared to 2,581 for September. The monthly payroll is now $388,200.

Both the Idaho-Maryland Mines Corporation and the Lava Cap Mines completed extensive surface improvement programs and their employment totals were reduced somewhat by the resultant drop from their payrolls of carpenters and other top workers. Underground employment, however, increased during the past month.

Important Development

One of the most important developments in the mining industry during the month was the taking over by the Kemmerer Exploration Company of the Arctic Mine near Washington. Mining men believe the Arctic can be made into a large producer and are encouraged by the acquiring of the property by the Kemmerer Company, which operates mines in several western states. A crew of 20 men is expected to be maintained at the Arctic during the winter.

The Spanish Mine near Washington is again active. D. K. Ribble has a lease on the property and a crew of men is engaged in mining barite.

The Wandotte dredge, which had been operating in the You Bet area, has been set up on the Perrin and Pingree property near the Norambagua Mine. The dredge is expected to be in operation at its new location by the end of this week.

Additional Mining News on Page 5

Two Pioneers Called By Death Same Day

Death Claims August Costa of Downieville and Albert Buck, Member of Prominent Orleans Flat Family

Death on Tuesday called two of the most prominent residents of the upper Nevada and lower Sierra County region.

On the same day in the Jones Memorial Hospital in Grass Valley, August Costa, 65, and Albert Buck, 68, member of the pioneer Orleans Flat Buck family, succumbed to illnesses of several weeks duration.

The funeral services for Buck will be held at 1 o'clock tomorrow afternoon at the Holmes Funeral Home in this city with Rev. H. Thomas Pateman of the Episcopal Church officiating. Interment will be made in the Manzanita Cemetery in Lincoln.

Costa Funeral Today

The funeral rites for Costa were held this afternoon in the Odd Fellows Hall in Downieville under the direction of the Holmes Funeral Home.

Costa was one of the best loved residents of Downieville. He was a charter member of the Downieville Parlor No. 92 Native Sons of the Golden West.

He was a native of Downieville and made his home there all his life.

Costa leaves his wife, Mary Costa, a son, Cecil Costa of Willows, a brother, Anthony Costa of Downieville and a sister, Mrs. Pianezzi of Nevada City.

Orleans Flat Native

Albert Buck was born December 16, 1872 at Orleans Flat. When he reached manhood a partnership was former with his brothers which was never broken. The Buck brothers operated a cattle ranch in the Orleans Flat area and also held extensive ranch property in the Lincoln district.

Besides the cattle operations, the Buck brothers also mined considerably. They once owned the German Bar Mine in the Graniteville district, a former noted producer.

The deceased was fond of hunting and fishing. He was considered one of the best hunters and anglers in the mountain area.

Buck leaves two brothers, Antonse S. and Victor E. Buck, both of Orleans Flat. Another brother, William, preceded him in death.

Attend Monday's Important Meeting

Twenty of the more progressive merchants and civic minded men of the city gathered in the National Hotel here Monday night to find out what's wrong with Nevada City—why so many people went to other towns to buy even the necessities of life.

The discussions were frank and interesting. It was decided to hold another meeting in the National Hotel this coming Monday night with a larger attendance anticipated and a wider representation of the city's business life.

It is to the interest of every businessman to attend that important meeting. Matters to be considered are 9 P. M. closing on Saturdays and pay-day nights; dollar day sales and a vigorous advertising campaign apprising the residents of the city the advantages and necessary reasons why they should spend their money at home.

Brought out at Monday night's meeting were ten reasons for spending money with your home merchants. They are:

1. Your home merchants can duplicate the prices made by any responsible concern anywhere on goods of equal quality, in the same quantities and on the same basis of delivery and payment.
2. You can examine your purchases in the home stores and be assured of satisfaction before investing your money.
3. Your home merchants are always ready and willing to make right any error or any defective article purchased.
4. Your home merchants help support, through direct and indirect taxation, your schools, churches and other public institutions.
5. Your home merchants help make a good local market for everything you have to sell, and that market—more than any other factor—gives your land its present value.
6. Your home merchants are your good friends, ever ready to extend a helping hand in time of need.
7. If this community is good enough for you to live in and make your money in, 'tis good enough to spend it in.
8. The best citizens in this community are those who believe in and practice home patronage. Be one of the best!
9. The merchants in the distant city give you nothing valuable that the home merchants cannot give you—and the former cannot and will not do for you many things the latter do gladly.
10. Every dollar kept in circulation in this community helps increase property values. Every dollar sent out of this community that could as well be spent here hinders the wheels of progress and helps build up some other community at your expense.

Nevada City has had several severe setbacks during the past two years. But now is the time to recuperate. Now is the time for the businessmen, the miners, the public officials—in fact, everyone—to throw their shoulders to the wheel and place Nevada City again as one of the bright spots of the West.

Indian Summer

Throughout the East, in October, comes a period of longed-for respite from the heat of summer. There's a soft autumnal haze along the horizon, and air is mild but spiced with the tang of morning frosts, and the woods turn from green into a flame of russet and red and tan. They call it Indian Summer; and they prize and treasure it—for it passes all too quickly into the eastern winter of snows, blizzards, freezes and thaws. Tourists tell us proudly of their Indian Summer; for it is the one thing they feel they can stack up against the serene Sierras, the painted desert, and all the glory of scenery and climate of outdoor California.

Yet all the while, throughout September and October, nature distils from California's crisp fall air, sun and endless varieties of foliage the grandest Indian Summer of the continent! Launching a crusade to "sell" to Californians the gorgeous fall colorings in mountains and forests of their own state the travel and recreation committee of the State Chamber of Commerce points out that the absence of bitter winters and blistering summers has caused nature lovers to overlook the beauties peculiar to autumn. Along the coasts and inland, through vast valleys and plains of north and south, fall colors are splashed dazzingly by dogwood, aspen, birch, black willow, manzanita, cottonwood, white willow, valley oak, black oak, currant, box elder, maple, black cottonwood, sycamore, sumac, buckeye, ceanothus, madrone, Chinese pistachio, and walnut. Because our seasonal changes aren't sharp, and beauty is never alternated with ugliness, our Indian summer isn't emphasized by contrast. But it is there, most varied and breath-taking, for Californians to enjoy.

The funeral services were held in Downieville yesteday under the direction of the Holmes Funeral Home of Nevada City.

HIGHWAY PATROL SEEKS TO RECOVER $1,521.85

The State Department of Motor Vehicles, California Highway Patrol, has filed a suit in the superior court here seeking $1,521.85 from Herbert L. Woodward as a result of an automobile accident last February in which Highway Patrolman William V. Cowan, was injured in Sacramento County near Greenback Lane.

The suit charges the accident was caused by Woodward's negligent driving and the amount asked is the sum paid out in benefits to Cowan, who was on duty at the time of the collision.

General Wesson, Chief of Army Ordnance: "We have had the finest cooperation. The spirit of American industry is absolutely fine and patriotic. I do not think they are out to make any unreasonable sum of money."

Doctor (after examination) —"I must tell you frankly, madame. that I don't like the looks of your husband."

Patient's Wife—"Well I admit he's not handsome, but he's very good to me and the children."

SIGN FOR DRAFT

have been thus disposed of, the rest are shuffled carefully and then numbered. This is in readiness for the first drawings of numbers at the National Capitol.

Last week the Nevada County Selective Service Board met and organized. James Tyrrell was chosen charman, R. L. Bigelow, secretary. Other members of the board are Dr. Walter Hawkins, John J. Looser and H. M. Leete.

NETTIE HARRY IS DECEASED

Funeral services will be held at 2 p. m. tomorrow afternoon at the James R. Garlick Mortuary in Sacramento for Mrs. Nettie Harry, wife of James Harry, Sacramento councilman and sister of Mrs. E. C. Uren of this city, Mrs. Harry died in Sacramento yesterday.

Born 52 years ago in Nevada County, Mrs. Harry went to Sacramento with her husband 27 years ago. She was past president of Coloma Parlor, Native Daughters of the Golden West and also was affiliated with the Daughters of the Nile and the Sacramento Council of the Order of Pocahontas.

The deceased was well known in Nevada City, where she often visited.

TITO SCHIPA TO SING IN SACTO.

After a long and successful summer season at the Teatro Colon in Buenos Aires, Tito Schipa, Italian tenor, and Bidu Sayao, Brazilian soprano of the Metropolitan, will sing together again October 26th in Sacramento 's Memorial Auditorium. Theirs will be the leading roles in Massenet's opera, Manon, with which the San Francisco Opera Company will open the Sacramento Music Series or 1940-41.

Final reservations for the event are being made now at the Ware-Hazelton box office in Weinstock-Lubin's, Sacramento.

Manon is generally conceded the best, the most spontaneous opera that Massenet has achieved. It is his most gracious, freshly melodious score, full of piquancy, lyric charm and fine musical workmanship.

Bidu Sayao is ideally cast in the role. In figure and grace of movement she makes a romantic picture in her silken costumes .There are archness, tenderness and pathos in her acting, and her singing she infuses with a vibrant sweetness.

Tito Schipa does not only some of his best singing as the Chevalier des Brieux, but he imbues the role with histronics. In their support will be John Brownlee as Leccaut, the swaggering cousin; Lorenzo Alvary as the Count des Grieux, Alessio de Paolis as Morfontaine, and George Cehanovsg as De Breitgny.

Gaetano Merola, diector general of the San Francisco Opera Company and one of the world's most celebrated conductors, will be on the podium.

Season tickets for the entire series will be available until the night of the opera.

THINKING OUT LOUD

(Continued from Page One)

out the army of the idle. War seizes the nation's accumulated wealth, and destroys it to be sure, but for a little while we enjoy a hectic prosperity.

We don't accuse the President of deliberately leading this nation to war, any more than we would make such a charge against the late President Wilson. But we do believe that since his celebrated "quarantine" speech, the President's course has been trending that way. And when we look back at eight years of broken promises, beginning with the 1932 Democratic platform, promises made and promises lightly disregarded, we have no illusions now regarding the likehihood of his keeping his promise to keep us out of war.

It is true the President himself cannot declare war. He can only place the nation in such a position in its foreign relations that Congress has no recourse but to declare war rather than suffer national dishonor. In this connection, we are not sure but that we have already been compromised in so far as our relations with Japan are concerned. The removal of our citizens from Asiatic countries looks singularly like war's prelude.

Vic Cassidy, publisher of the Downieville Messenger, was a visitor here yesterday.

National Debt Worries Farmers

Prominent Farmer Says Debt And Third Term Are Big Issues.

The national debt is the big political issue among farmers according to Simon E. Lantz, nationally known breeder of purebred cattle at Congerville, Ill., and president of the Aberdeen-Angus Breeders' Association.

"Some people say that since Wendell Willkie has indorsed the principles of the New Deal farm program that there is no issue between the two presidential candidates so far as the farmer is concerned," said Mr. Lantz. "Most farmers know better. They know that on the debt and on the third term the cleavage between the two candidates is fundamental.

"Mr. Roosevelt, when elected in 1932, charged previous administrations with extravagance and pledged himself to a program of economy. What has happened? In the first three years of his administration the New Deal spent as much as the first twenty-four presidents combined had spent in the first 122 years of this government's life, and during that time we had several wars to finance.

"Mr. Roosevelt promised to place the cost of government upon the shoulders of those most able to pay. In 1930, the wealth of the nation was paying 69 per cent of governmental costs and the laborers, farmers and common people were paying 31 per cent. But last year we found that the wealth of the nation was paying only 39 per cent while the ordinary people were paying 61 per cent. That is how Mr. Roosevelt took care of the forgotten man and soaked the rich.

"It is beginning to come home to farmers that they are paying a large share of the wastage of money in the Roosevelt administration, just as is everyone else. They are paying in the form of hidden taxes. For instance, on grains, there is a hidden tax of three cents on every loaf of bread. On a $4.00 pair of shoes it is 79 cents.

"On large items which the farmer must buy the tax cost is tremendous. Deere & Co., manufacturer of farm implements, was compelled to pay almost $600 per man in taxes in 1939 for every man they employed.

"The wastage and extravagance of the Roosevelt administration has placed in hock twenty-five out of every 160 acres of farm land in the entire United States.

"I find farmers much attracted by the statement of Wendell Willkie that he will make no changes in the present farm program except to improve it, that he will return the ten million unemployed to the payrolls and thus increase the purchasing power of the farmer's market, and that he will conduct the national defense program and the ordinary business of government on a business-like basis.

"With the wastage of the Roosevelt administration in mind and the threat of perpetuation of power through the third term, farmers are finding there actually are fundamental issues in the present campaign."

Mrs. Willkie Greets Rowdies With Smile

Mrs. Wendell Willkie likes campaigning. It's fun, she says, and not half as fatiguing as she expected. Her first cross-country political campaign trip was "so interesting."

"The crowds are enormous and there's much interest in their faces—so much interest that it interests me to watch them," she said.

Rowdyism, throwing of eggs and other things at the presidential candidate and his party, do not disturb Mrs. Willkie.

"There's been very little of it," she said. "On the whole, everyone has shown such enthusiasm. Of course, it is sad to see prejudices aroused to such an extent that people throw an egg at someone who has done nothing but smile at them."

No Farm Recovery Here

The major objective of the New Deal's foreign trade policy was to increase exports of American farm surplus. The dollar value of our agricultural exports, however, declined 9.2 per cent between the fiscal years 1932 and 1939. Non-agricultural exports, on the other hand, increased 90 per cent in dollar value during this period. Total exports increased in that period 51 per cent in dollar value. In terms of volume our agricultural exports declined 36 per cent between the fiscal years 1932 and 1939. The volume of our cotton exports declined 58 per cent; wheat and flour exports 15 per cent; cured pork 22 per cent, and lard 56 per cent.

Who Will Pay It?

On March 4, 1940, after seven years of Roosevelt New Deal deficits, the Federal debt was $42,380,600,000, an increase of $21,143,000,000 since March 4, 1933, or 102.4 per cent. This was $6,000,000,000 more than the total value of all farm land, buildings and livestock in the United States as reported in the 1935 farm census. If all the real property subject to the property tax in all States west of the Mississippi River could be sold for its assessed value, the total amount realized would not pay off the present Federal debt.

Quartz and Placer claim location notice blanks at the Nugget Office.

The Real Issue— Peace or War

"The real issue of this campaign . . . is peace or war . . . I know of no well-informed Washington observer who isn't convinced that if Roosevelt is elected he will drag us into war at the first opportunity and that if none presents itself he will make one. I know of none who is not aware that if that happens we shall have a war dictatorship with 'emergency powers' in the hands of men who have constantly sought ever-increasing 'emergency' powers at the expense of our political system—and who have never surrendered a single one. They have used them all to perpetuate themselves. I know of none who is not aware that participation in a major war costs so much that it will bankrupt the United States."
—General Hugh S. Johnson.

Promise vs. Performance

The 1932 Democratic Platform strongly condemned the extravagance of the Republican farm program. At Atlanta, Georgia, on October 24, 1932, Franklin D. Roosevelt added this comment: "I am going to insist that we get more service for the farmers for less money." Total expenditures of the Department of Agriculture, however, have increased from $110,000,000 in 1932 to an estimated $1,607,000,000 in 1940, an increase of 1300 per cent. The total number of permanent employees of the Department of Agriculture increased from 16,544 in 1932 to 48,697 in 1939, or 195 per cent. Total pay rolls (obligations) for both permanent and temporary employees increased from $45,971,215 to $138,036,692, or 200 per cent. This excludes the 135,890 county and community agricultural conservation committeemen who administer the farm program locally.

Spending Failed

The real test of a recovery program is whether it has reduced unemployment and put people back to work. Despite the expenditure of more than $56 billion in seven years and of more than $21 billion for relief and recovery, the number of gainfully employed workers in the United States was more than two-and-a-half million less in 1939 than in 1929. There are today more than 10,000,000 unemployed. The average unemployment for the seven years of the Roosevelt Administration is 9,402,000, or 18 per cent of the total labor force.

Evicted

The New Deal has repossessed 91,195 farm homes from their owners. The mortgages were based on an average loan of $2,800.

"She isn't good looking, her figure wouldn't interest anybody but Ripley; she's a terrible dancer and she plays a punk game of bridge. In short, she's a mess in every way, but she's my girl and I love her."

"Yes, I know how you feel. My girl is wealthy, too."

Kitty—"I hear Marie is engaged to marry an X-ray specialist."

Catty—"I wonder what he sees in her?"

Visiting In Sacramento—

Misses Kathryn and Teresa O'Connor are spending a week in Sacramento with relatives. Miss Lucy O'Connor of Sacramento, a sister, visited the family home in Birchville this week.

Fish In Lake County—

Supervisor Guerdon Ellis and Engineer G. E. Mitchell of the Tahoe National Forest and H. F. Sofge, chamber of commerce secretary, enjoyed fishing in Lake County Sunday. Mitchell caught two fish and Ellis one.

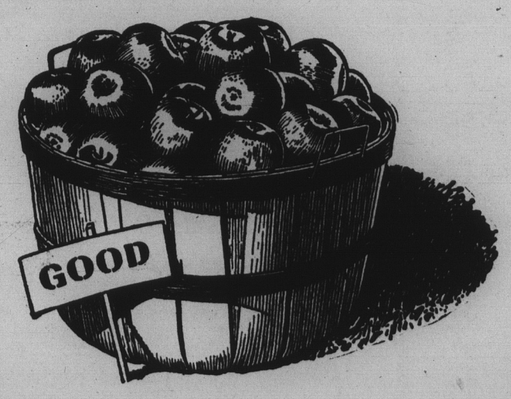
THE RECORD.... Facts That Concern You — No. 23 of a series



WOULD YOU CUT DOWN THE APPLE TREE?

You'll probably find a few bad apples in a bushel of good ones. That's the way it is with beer retailing in America.

There are hundreds of thousands of wholesome, law-abiding beer retail establishments that sell good beer—the refreshing, appetizing beverage of moderation. At the same time, there is a handful of undesirable, anti-social taverns. Unfortunately, these few outlaw establishments bring discredit to the entire beer industry.

To protect your right to drink good beer, the Brewing Industry wants such anti-social retailers eliminated entirely. It has instituted a "clean-up or close-up" program—now in effect in some states and being extended.

We'd like you to know about this socially important program. May we tell you about it in an interesting *free* booklet? Write: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

Polling Place — Reliance Fire House.
Inspector—W. Allison Simmons.
Judges—Beatrice George and May Gilbert.
Clerks — Ethel J. Veal, Eliza K. Semour and Alma Burke.

Grass Valley No. 7 Precinct

Polling Place —Boston Cafe, (Case Building).
Inspector —Thomas Hocking.
Judges—Lester R. Merrifield and Rosetta B. Johns.
Clerks—Arthur Bone, Hattie C Hagnes and Grace E. Eva.

Grass Valley No. 8 Precinct

Polling Place — Old High School Gymnasium.
Inspector—Archie Cornish.
Judges — Agnes J. McCabe and Hazel A. Jenkins.
Clerks— Genevieve Paynter, Sadie Sincock and Dorothy M. Bosanko.

Grass Valley No. 9 Precinct

Polling Place—Washington School House.
Inspector—Walter R. Vincent.
Judges—Jennie Crase and Charles Ingram.
Clerks—Juanita Jenkins, Winifred M. Rule and Margaret McKenna.

Alta Hill Precinct

Polling Place—Olive Emery's residence, at Junction of Ridge Road and Alta Street.
Inspector—Frederick J. Mounday.
Judges— Elsie L. Bawden and Frances E. Fulton.
Clerks—Bessie L. Bragg, Ethel M. Dodson and Alexine Johnson.

Buena Vista Precinct

Polling Place — Chicago Park School House.
Inspector—Thomas F. Leutenecker.
Judges—A. W. Hansen and Lulu Clapp.
Clerks—Hazel E. Green, Ida Termine and Edna M. Haughland .

Cottage Hill Precinct

Polling Place—Higgins Residence, on Grass Valley-Auburn Highway.
Inspector—William G. Higgins.
Judges—Zada Veit and Mabel E. McCrea.
Clerks—Orea A. Duggan, Mamie Lou Carpenter and Sarah E. Graham.

Empire No. 1 Precinct

Polling Place—Petitjean Residence opposite Watt Park.
Inspector—William J. James.
Judges—Nellie Kitts and Bennie L. Bennett.
Clerks—Luella Cosper, Alice Wear and Maxine Hamilton.

Empire No. 2 Precinct

Polling Place—Navajo Inn, Empire Street, formerly Jack Southerland's residence.
Inspector—John Bieber.
Judges—Lulu Patterson and Evelyn W. Wilson.
Clerks—Dorothy R. Hayes, Vashti A. Schwartz and Maude A. Banta.

Forest Springs Precinct

Polling Place..— Forest Springs School House on Grass Valley-Auburn Highway.
Inspector—Eugene Pingree.
Judges — Ethel M. Winkle and Henry D. Handy.
Clerks— Katie M. Wheeler, Alice M. Hooper and Audrey Antonowitsch.

Hills Flat No. 1 Precinct

Polling Place—Hughes Residence.
Inspector—John Durbin.
Judges—Edith L. Pascoe and Wlliam W. Esterly.
Clerks—Ellen J. Joyner, Winnie Murphy and Gwendolyn Hahn.

Hills Flat No. 2 Precinct

Polling Place—La Rosa Inn, East Bennett Street.
Inspector—Mabel M. Thomas.
Judges—Mabel E. Rodgers and Rebe E. Guiliero.
Clerks—Reita LeDuc, Mabel E. Williams and Florence J. Nolan.

SUPERVISORIAL DISTRICT NO. 3

Spaulding Precinct

Polling Place—P. G. & E. office at Spaulding.
Inspector—Boyd E. Stevenon.
Judge—Renee Cain.
Clerks—Hester L. Brown and Maryeon A. Blodgett.

Washington Precinct

Polling Place—Washington School House.
Inspector—James C. Kramer.
Judge—Clyde M. Cole.
Clerks—Edna May Waite and Nellie Blay.

Eureka Precinct

Polling Place— School House at Granteville.
Inspector—Alfred J. Fitter.
Judge—William McLean.
Clerks—Vivian Staples and John Phelps.

Columbia Hill Precinct

Polling Place — School House at Columbia Hill.
Inspector—Georgia English.
Judge—Florence Hatcher.
Clerks—Louise A. McAllister and Mabel C. Reynolds.

North Bloomfield Precinct

Polling Place — School House at North Bloomfield.
Inspector—Charles C. Gaus.
Judge—Phillip Cummins.
Clerks — Victorine Penrose and Herbert W. Paine.

SUPERVISORIAL DISTRICT NO. 4

French Corral Precinct

Polling Place — School House at French Corral.
Inspector—Eda J. Dahlberg.
Judge—Marcia Sitton.
Clerks—Mabel A. May and Lillian M. Sciaroni.

North San Juan Precinct

Polling Place — School House at North San Juan.
Inspector—Sarah Reeder.
Judges—Etta E. Bowes and Veda June Kessler.
Clerks—Geraldine Robinson, Carrie E. Holland and Rose T. Kessler.

Anthony House Precinct

Polling Place — Pleasant Valley School House.
Inspector—Herman Hartung.
Judge—Edith L. Weber.
Clerks—Claude H. Schwartz and Ernest E. Schwartz.

Clear Creek Precinct

Polling Place—Clear Creek School House.
Inspector—Mary B. Beyer.
Judge—Nora E. Ogden.
Clerks—Lois M. Black and Bernice L. McPheeters.

Indian Springs Precinct

Polling Place — School House at Indian Springs.
Inspector—Lida Tisher.
Judge—Viola L. Weber.
Clerks—Eleanor E. Ennor and Avis R. Eddy.

Pleasant Ridge Precinct

Polling Place —School House at Wolf.
Inspector—Charles Butler.
Judge—Mary R. Sweet.
Clerks— Elizabeth Kenyon and Mildred C. Rodda.

Rough and Ready Precinct

Polling Place — School House at Rough and Ready.
Inspector—Frank Abbott.
Judges — Edward Wilson and Maude Calvert.
Clerks—Effie Howe, Mabel M. Stevenson and Robert Kohler.

Spenceville Precinct

Polling Place Spenceville School House.
Inspector—John H. Eickhoff.
Judge—Ruby W. Giraux.
Clerks—Bertha W. Pisani and Paul Van Wagner.

SUPERVISORIAL DISTRICT NO. 5

Truckee No. 1 Precinct

Polling Place—Truckee Grammar School.
Inspector—Frank F. Kearney.
Judges—Cala F. Bick and Caro Maxson.
Clerks—Harold W. Laity, Marie A. Cabona, and Laura Daily Gaiennie.

MURCHIE ZEIBRIGHT

Manager R. J. Hendricks reports drifting is continuing at the Murchie Mine on the two veins contacted in the driving of the 6,000 foot crosscut at the mine.

Reports indicate good ore has been contacted on the veins but sufficient work has not yet been done to determine the extent of the rock.

Hendricks returned this week after spending three weeks in Colorado for the Newmont Mining Corporation.

Employment at the Murchie during the month remained practically the same as in September.

At the Zeibright work is confined to development. Plans have not yet been completed for the construction of a new dam which would allow resumption of operations in the mill.

LAVA CAP

The new cyanide plant at the Lava Cap Mines was placed in operation recently. The plant enables the Lava Cap Mines, third largest gold producer in this county, to handle its own concentrates. The plant will be used in the treating of concentrates which have been stored at the mine for the past several months because of the Selby smelter strike and also to handle the concentrates in the future.

The employment at the Lava Cap reached a peak of 400 men during the construction of the cyanide plant but has dropped down to 383.

General Manager Otto Schiffner reports general development work is proceeding at the Banner and Central shafts and the Central mill is running to capacity.

In addition to the cyanide plant a huge vault has been constructed at the Lava Cap for the storing of the gold to await shipment to the mint in San Francisco.

The new Lava Cap cyanide plant is considered to be the most modern in the state. The plant consists of 28 huge steel tanks. They range from 50 feet in diameter and 16 feet deep to 14 feet in diameter and 8 feet deep.

The concentrates from the mill go through a bull classifier, which separates the finer material from the coarse. The fines goes to a huge filter, which takes the water from the material, which is in solution and sends it to the cyanide agitation tanks, thence to counter-current thickeners and then to a final filter. The material coming from the last filter has lost virtually all of its gold content in the cyanide solution tanks, where it is precipitated. The cyanide plant tailings are then pumped in two storage reservoirs on a hilltop above the cyanide plant, for future recovery processes, if any can be found. The tailings are pumped up the hill to the storage reservoirs.

The plant will handle 25 tons of mill concentrates daily and probably could even be operated on a larger tonnage basis.

The plant was designed and built under the supervision of Manager Schiffner and Bert Hardin mine chemist.

IDAHO-MARYLAND NEW BRUNSWICK BULLION

Work is proceeding steadily on the replacing of the New Brunswick surface plant with modern equipment, including a huge double drum hoist and a compressor. The foundations for the new hoisting equipment have been set. As part of the improvements the present 95 foot shaft will be replaced by one approximately 145 feet in height.

Employment at the Idaho-Maryland Mines Corporation properties showed a decrease in the past month because of the curtailment of much of the surface work carried on during the summer months.

At the Idaho-Maryland 132 men are employed on the surface, 296 underground, 31 in the mill and 46 on the private operating payroll. At the New Brunswick 316 are employed underground. 57 on the surface and 10 on the mill. The company has 43 men employed at the Bullion Mine.

SCOTIA GOLDEN CENTER

A cyanide plant is under construction at the Scotia Mine in Grass Valley. The plant, which will have a capacity of five tons of concentrates per day, is expected to be completed in several months.

Wallace Butler, son of Cooley Butler, owner of the Scotia and the Golden Center properties ,said the principal reason the decision was reached to construct the cyanide plant was because by handling the concentrates at the mine it could be done cheaper than by shipping them to a smelter.

The building of the Scotia plant will result in the employment of a few more men at the mine. The hoisting difficulties at the Scotia have been corrected by the repairing and installation of new parts to the present hoist.

PRODUCING NUGGETS

Reports from the William Lang property in the Pike City district are to the effect occasionally good sized nuggets are taken from the mine. The mine is a gravel property.

Quartz and Placer claim location notice blanks at the Nugget Office.

New Type Mining Where Marshall Discovered Gold

Back to the scene of the discovery of gold in 1848 by James Marshall have gone new large scale mining enterprises.

Although the ground has been mined repeatedly by placer operators for nearly ninety years, recovery is being made by two drag line dredges almost within the shadow of Marshall's Monument.

MacBOYLE SELECTED FOR MINING BOARD

The appointment of Errol MacBoyle of the Idaho-Maryland Mines Corporation as a member of the state mining board has been announced by Governor Culbert Olson.

MacBoyle, a former member of the board, reportedly accepted the position after the promise made there would be less political interference in the activities of the board than there were on the previous board on which MacBoyle served.

MEETING PLANNED FOR DISCUSSION OF WAR MATERIALS

Richard Haddy of this city has announced he has been informed by Bruce McDonald, secretary of the state mining board, a meeting of supervisors from twenty two counties in the state which have potential war materials will be called for next month to discuss means for the developing of the minerals.

The meeting will be held in Sacramento at a date to be announced later. McDonald was in Nevada City recently to discuss plans for the meeting with Haddy who was instrumental in gathering representatives from El Dorado, Placer, Nevada and Sierra County boards of supervisors together for a meeting last month in Nevada City.

The group adopted a resolution urging the appropriation of available federal funds for a survey in the four counties of potential war materials.

DEVELOPING PROCEEDING

The Arctic Mine, famous early day producer of Pike City, is operating on a two shift basis with most of the work confined to developing. The water, which was a serious drawback in the operation of the mine in past years, is being effectively handled. It was reported here a mill is being constructed at the property.

LATEST CROSBY HIT WILL OPEN HERE SUNDAY

Seven new songs are featured in Bing Crosby's new Paramount picture, Rhythm on the River, which plays Sunday and Monday at the Broadway Theatre.

The song hits, sung by both Bing and Mary Martin, Broadway stage star and well known for her rendition of My Heart Belongs to Daddy, include Only Forgive, I Don't Want to Cry Anymore, That's For Me, What Would Shakespeare Have Said?, Rhythm on the River, Ain't It a Shame About Mame?, and When the Moon Comes Over Madison Square.

Also starred in the picture is Basil Rathbone, Lillian Cornell and Oscar Levant. The latter is one of the experts on radio's Information Please. He makes an equal hit on the screen.

S. F. Visitor—

TWO BILLION DOLLARS loaned... a promise kept

In 1932 Bank of America definitely promised to embark on a large scale lending program to put depositors' dollars to work . . . through loans to men and women, to large and small business, to California industry and agriculture.

That this promise has been kept and your deposit dollars put to work is shown by the tremendous volume of loans made since that time through Bank of America's 495 branches.

1020 million dollars loaned to finance business, industry, agriculture.
650 million dollars for home building, buying, modernization, and other types of loans on real property.
230 million dollars loaned for automobile financing.
180 million dollars in Timeplan personal loans.

Grand total . . . two billion, eighty million dollars . . . one of the greatest lending records for any bank in the nation.

Whatever your banking need, come to any branch of Bank of America where you will receive the friendliest attention.

REGISTRATION FOR NOVEMBER ELECTION SETS NEW RECORD

Registration for Nevada County for the general election November 5th reached an all time high, County Clerk R. N. McCormack revealed yesterday when he completed the tabulation of those registering.

The figures show 7,173 registered as Democrats, 4,239 as Republicans, 172 declined to state their party, 53 as Townsendites, 21 as Socialists, 9 as Prohibitionists and 3 as Progressive.

The registration is 548 above that for the August primary election.

Those who intend to be away from home on election day can procure their absent voters ballots from the county clerk's office. The absentee ballots can be voted up until election day.

BOY, 14, KILLS BUCK, REST OF PARTY, NONE

Bill Hatch, 14, year old Nevada City boy is a proud young man these days, having killed his first deer, a two point buck, last Sunday northeast of Nevada City. He went out with his father, Bill Hatch, and party and was the only one to kill a deer.

Neighbors Say You Can Set Your Clock By Mr. Peers

At five minutes of nine every morning his gate clicks and he starts his familiar, measured pace to work. At seven minutes past six every evening the gate clicks again, and Mr. Peers clup-clup-clups his way up stairs.

One morning Mr. Peers stayed abed with a cold and his gate did not click as usual. Mrs. Embert, a kindly soul next door, missed a good half hour of her favoriate radio program—simply because she was in the habit of setting the dial when she heard neighbor Peers leave home.

Regularity means a lot in the pattern of routine living. It is particularly important in the business or railroad freight deliveries, with regularly adopted schedules of departures and arrivals.

Folks have long relied upon the dependability of railroad freighting movements, for day-in and day-out schedules have established an assurance of servce practically infallible.

The motor freight carrier, slipping back and forth on its runs in accordance with the dictates of the clock, doesn't stand around the freight shed waiting for a few hours, or another day, until a full pick-up can be made. It travels on schedule—whether the freight consigned to its safe deliverance is one piece or a capacity load. Your railroad has a record for regularity that its customers are accustomed to, and which will always be maintained as perfectly as humanly and physically possible.

SOCIAL EVENTS

Lincoln Ceremony Unites Miss Phillips Of Nevada City

Miss Bessie Phillips of Nevada City became the bride of Charles Coon at a ceremony performed last Saturday night in the Bethel Church in Lincoln.

The wedding rites were read by Rev. Luce. The brides at'tendants were Ethele Phillips, a sister, of Nevada City, matron of honor, Trena Phillips of Nevada City, sister, maid of honor, Miss Ruth Coon of Lincoln and Josephine Carrington of Nevada City, bridesmaids.

Robert Carrington of Nevada City was the best man. Miss Norma Benjamin of this city sang.

Following the wedding a reception was held at the Women's Civic Club building in Lincoln with Carrington acting as master of ceremonies. The newly married couple will live in Sacramento, where Coon works as a contractor.

Marriage Of Prominent Couple Is Revealed

Mrs. Louise Pianezzi, grandmother of Donald Murphy, prominent local man, revealed this week Murphy and Miss Lois Pine, formerly employed in the Tahoe National Forest Service office here, were married in September in Carson City, Nev.

The marriage took place during the time Murphy was on a leave of absence from the Zeibright mine, where he is employed. Mrs. Murphy will continue to make her home in Sacramento, where she is employed, for the present, but she is expected to come to Nevada City to make her home within the near future.

The former Miss Pine is a daughter of Mrs. Myrtle Pine of Sacramento. She was reared oin Willows, Clenn County.

Murphy, son of Mrs. Eva Tibbetts of Sacramento, is a graduate of the Nevada Ctiy High School. He always has taken an active part in the civic and fraternal life of the city.

SHAMROCK CAFE MOVES TO NEW ROOMYQUARTERS

The Shamrock Cafe after seven years of service to its host of friends and patrons in Nevada City is moving across the street to a bigger and better location with practically twice the floor space for the main dining room, and a brand new banquet-and-dance room in addition. The new location is in the Odd Fellows building, formerly occupied by the Purity, at 223 Broad Street.

The old quarters were too small. Time and again people who wanted to partake of Charlie Wyant's cooking, came just too late. The little restaurant was filled to the last seat and so they had to find another place to eat.

In the new home of the Shamrock Cafe there will be plenty of booths, a long counter and enough seats to accomodate all the patrons that flock to this popular cafe. There will be music available by merely depositing a coin in the contrivance over the tables. The floors are new and covered with sound deadening linoleum of a decorative pattern. The entire main dining room, as Charley Wyant states, will be second to none this side of Sacramento.

An innovation is the brand new soft drink fountain. This is one of the newest designs of the Liquid Carbonic Corporation, and the last word in up-to-the-minute fountain services. Those that want a sandwich and milk shake for lunch, afternoon or late evening refreshment, hereafter will be accommodated at the Shamrock.

The banquet room, with service equally handy from the kitchen, many citizens declare, is one of Nevada City's imperative needs. It is being rapidly remodeled along the lines of the big dining room. It is especially designed for dancing after dining.

The entire establishment will be warmed in the winter and cooled in the summer by the modern appliances and equipment designed for the comfort of restaurant patrons.

Mr. and Mrs. Wyant, proprietors of the Shamrock Cafe are extending an invitation to everybody in Nevada City to attend the open house they are giving Saturday evening and the grand opening. Hundreds of citizens will be there to offer the Shamrock owners their congratulations.

Edgar James Hamilton of the Spanish Mine, was a Nevada City visitor yesterday.

Interesting Program Will Be Presented

An interesting program is in store for those who attend tomorrow afternoon's meeting of the Elementary School Parent-Teachers Association.

Mrs. Hefelfinger and Mrs. M. Young will present a health program, followed by a play by students from Mrs. Foley's class. Tea will be served with Mrs. W. Butz, Mrs. A. Butts, Mrs. A. Rose, Mrs. William Crase and Mrs. E. DeMattei acting as the hostesses.

Plans for the coming hallowe'en festival will be discussed at the meeting, whch will start at 2 p. m.

AT THE GRAND CHAPTER

Mrs. Charles Leiter, Mrs. Alfrieda Lawrance, Mrs. C. E. Bosworth, Mrs. Albert Polglase and Mrs. Max Solaro motored to Sacramento last evening to attend a meeting of the Grand Chapter, O. E. S.

RECRUITING OFFICER SPEAKS

L. G. Star, United States Recruiting Officer, was the speaker at the Rotary club meeting here today. Stair illustrated his talk with movies of the navy in action.

C. E. Clark of North Bloomfield, manager of the Relief Hill Mines, was a visitor in Nevada Cit today.
